BAD DAY FOR TAX PAYERS.

No Warning Notice to People in Regard to Penalty'

CAUSES HEAVY LOSS.

Large Amount Paid in Yesterday and Day Before

The last day of November, appointed for Thanksgiving, will be a bad one for many who forgot to call and pay their county and state taxes yesterday. Today is a legal holiday and the sheriff will not, as he insinuated yesterday to a Kentuckian man, keep his office open for the transaction of business. The failure to do this will cost a great sum to many, a number of whom are not able to bear it. So far as our observation goes, the sheriff has not published the usual call for payment of taxes before the 6 per cent. penalty will be added. It may have been published, though we are not aware of it.

Of course the greater the number of people who fail to pay within the time limited by law, the more money it is for those who have the benefit of the penalty. Sheriff Davis stated yesterday that he would close his office that day "about 6 o'clock."

We are not offering suggestions to our retiring sheriff. He understands his business, but it seems to us that, by the last day being a legal holiday and a clear loss of one day for taxpayers to save their penalty, it would be a mere act of generosity for some one to remain in the office and receive taxes today, to say nothing of closing his office at 6 o'clock yesterday.

Well, we are to have a Democratic sheriff the coming four years, and if Dave Smith doesn't prove a good friend to tax payers and everybody else, we are much mistaken in our man.

With one to turn to the list, another to write receipts and a third to take in the money, every one who called to pay taxes yesterday was waited on and a large sum was passed into the sheriff's hands.

Miss Elizabeth Sherley, of Louisville, will next June wed Thos. Shevlin, captain of the Yale football team. Shevlin is a son of millionaire banker of Minneapolis.

the ball entering the body of Hillman. She did not live two minutes after being shot. The accident occurred about 4 o'clock. The unfortunate woman leaves one child, a small boy.

The Goodrich woman is greatly troubled over having killed her friend and had no idea that the gun was loaded. The coroner went out to the farm yesterday and held an inquest.

Verdict.

We the jury summoned by the Coroner James Alkeworth, to enquire into the cause of the death of Jane Hillman, find from the evidence the cause of her death a shot from a target rifle, 22 caliber, in the hands of Mary Belle Goodrich. We further find that it was accidental and exonerate the said Mary-Belle Goodrich from all blame of the death of Jane Hillman.

Situations Guaranteed.

We do not guarantee situations to prospective students in order to get their patronage. Schools at merit do not resort to such dishonest practices.
"Pulse schools" guarantee situations in order to secure students, because they have no other inducements to offer.
Our work is so thorough that a guarantee is superfluous. Business men are so eager to get competent help here that a large per cent. of our students take positions before they graduate.
Send us before making arrangements for your business and shorthand education at some inferior fake school. We will take pleasure in telling you all about the loopholes in the "pulsation guarantee" of dishonest schools. Catalogue free.

IN UNION THERE
IS STRENGTH.
Every Business Community
Should Have Commercial
Organization.

Since the recent State Development Convention in Louisville, the Louisville Commercial Club is more strongly imbued than ever with the possibilities awaiting Kentucky. It believes that every business community in the State can profit by this awakened interest, but it is as firmly convinced that the profit can be greatly enhanced through an organization of the working forces of the different towns. By working forces it means the mercantile and industrial lines of the different sections. In brief, the Commercial Club feels that a most desirable way to meet and overcome difficulties confronting a business community lies in the organization of a commercial body. It believes this so strongly that it has appointed a standing committee whose sole duty it is to assist in the organization of business clubs throughout the State and in revivifying bodies which have temporarily lapsed into inactivity.

Mr. R. A. McDowell, former president of the club, has accepted the chairmanship of the committee, and has appointed as his associates thereon fifteen leading spirits of Louisville's commercial world and ten prominent editors in different parts of Kentucky.

The Louisville Commercial Club has no axe to grind in the step it is taking to organize more commercial bodies in the state. Its board of directors feel such an interest in state development, as was shown in the recent convention in Louisville, that it is willing to spend a large part of its funds in sending representatives to different cities to work up organizations of the kind mentioned.

Any community that desires to take the step indicated will receive from the Louisville Commercial Club a copy of its by-laws and constitution, with suggestions as to how to stir up interest in the organization. When the iron is hot enough to be struck, the Commercial Club will send a representative to help mold the body into definite form.

WHY BUCK'S HOT BLAST

Heater Will Actually
Pay For Itself.

Because Buck's Hot Blast will produce as much heat and as satisfactory a fire in every way, by using the cheapest dollar and a quarter coal, slack or screenings, as other heaters in which you must use high grade soft coal or hard coal. You can see at a glance how soon this saving in fuel will make a Buck's Hot Blast actually pay for itself. It is not the first cost of stove that counts so much, it is what you have to pay to feed it, in coal.

This is the "Buck's Stove."

SCIENCE AT SHOOT RANGE

"Cat's Paws" of Wind Make Accurate
Marksmanship Impossible Unless
Gunner Is Clever.

With a wind switching like a fish's tail, now from the right and now from the left, one minute bowing the bullet down into the grass and the next swinging around to the rear and blowing it over the target, with changing lights and a tantalizing mirage in which the target blurs and dances and swims like a live thing, the man who keeps on his target and runs up a good score must rely on more than native skill and a clear eye, says Outing. Your guardsmen keeps by his side a leather case, stocked as well as that of a country surgeon, and he uses barometer, thermometer and milrometer constantly. Good eyesight, good nerves with which to hold a rifle immobile and sights aligned on the bull, are but the foundations of good shooting. The expert knows to a nicety the almost imperceptible pressure of the forefinger that will release the sear notch and launch the bullet when both brain and finger are ready. He keeps his rifle clean as his watch and with blackened sights that baffle deceptive side-lights. He uses a peep sight that is mathematically correct, consults elements and instruments unceasingly, raises his sight a hair's breadth by a delicate micrometer, changes his shot in inches by moving his wind gauge a line breadth to one side, brings to his natural ability to hold his sights on the mark the leverage of his rifle sling—a valuable and serviceable adjunct officially ignored until this year by the firing regulations of the regular services—and from the written records of weeks finds the elevation for his sighting shot. His score book shows the conditions of weather and light, record of barometer and thermometer, position of the range flags and the hand of the windclock dial, every change in elevation and wind, the maker and date of his ammunition, and the exact location of each shot on the target. It is true that in the field he would have but his rifle and ammunition, but the schooling of the range would undoubtedly help him to bring down his man where others buried their shots in the ground or futilely fired over the heads of the advancing groups. The rifleman who can with almost unerring certainty change his sight or so alter his hold that a hit in the upper right hand corner of a target more than half a mile away, will on the next trial be a bulls-eye, is the man who can most successfully aid his comrades on the firing line.

WOMAN MAKER OF VIOLINS

San Jose, Cal., Lady Has Distinction
of Being Only One of Her Kind
in the Country.

To play the violin is the accomplishment of hundreds of young women, but few have constructed the beloved instrument from which such wonderful melody can be obtained, says the Philadelphia Press. Miss Grace Barstow, of San Jose, Cal., has the unique distinction of being the only woman violin maker in America, if not in the world, and moreover, she is a noted performer on the instruments of her own making. Possessing a fitting environment and intelligent sympathy, when her desire to make a violin became known, Miss Barstow's family gave her every encouragement, and sent to Germany for the necessary woods. Altogether six violins have been completed by her, each one a noted improvement on preceding effort, until the last instrument is said by experts to possess a delightfully rich and brilliant tone. Miss Barstow has shown considerable inventive genius in constructing her violins, successfully experimenting with the native redwood as a base bar, and will use more of that wood in her next violin.

The Theodore Roosevelt Professorship of American History at the University of Berlin, the founding of which, by James Speyer of New York, has just been announced, is the subject of an article by Librarian Canfield of Columbia University in the Review of Reviews for December.

The Louisville Herald says: "W. B. Haldeman's candidacy for the United States Senate received what might result in a puncture yesterday afternoon, when notices of election contests were filed against nine of the Democrats who were given certificates of election to the Legislature. Today is the last day on which notices can be filed, as they must be filed within fifteen days after the certificates are awarded, but most of the notices were served yesterday. As notices were served on all other candidates on the Democratic ticket several days ago, the legislative candidates were beginning to rest secure in the belief that their election would not be contested, and the notices when served yesterday came as a bombshell into their camp. The Legislature will be overwhelmingly Democratic, and under ordinary conditions the Democrats of the Lower House and the Senate might be willing to stretch their consciences—as they have done before—to seat a Democratic candidate. With Haldeman in the race for the United States Senate, however, and with the Louisville delegation heartily pledged to his support, both the Blackburn and Paynter forces are likely to unite with the Republican members of the two branches of the Legislature, and insist that a fair hearing of the contest be had. With a fair and impartial trial of the contest, no doubt is felt that the Republican candidates will be seated. Haldeman's chief support in the Louisville Delegation, and if he loses nine of the eleven votes from the local delegation he is practically eliminated from the race." The failure of the Louisville delegation to "stand hitched" it seems has brought on a very pretty game of politics.

Bob Taylor's Magazine.

The range of the Christmas number of Bob Taylor's Magazine is an exceptionally wide one, covering, in addition to a number of seasonable offerings in poetry and prose, a diversified program of interesting articles of travel and adventure, biography and history. The various special departments cover entertainingly a number of the world's interests. The inimitable contributions of the genial editor-in-chief radiate their usual sunshine and human happiness doctrine, confirming the Governor's friends in their claims for his supremacy in the field of entertainment. In addition to his original and interesting "Sunshine and Moonshine" department, the 9th installment of his popular "Fiddle and Bow" lecture appears.

Mrs. Harriet Hobson Dougherty, in her "Southern Writers' series, contributes an able sketch of the life and work of William Gilmore Simms. Present-day biography is represented by "Some Prominent Southerners in New York," by Flora Mai Holly, and the regular department of "Men, Women and Events." A delightful series of pictures is shown in "Children of Foreign Embassies at Washington in Holiday Costume." The Woman's Southern Interstate Association for the Betterment of Public schools, described by Jennie K. Collins, is a work which should appeal to all citizens who have at heart the improvement of our rural school work.

Reserved Seats.

WEDDED WEDNESDAY.

Miss Annie Nance and Mr. Forrest Binns.

One of the prettiest local weddings of the season took place yesterday afternoon at 5 o'clock, at the residence of the bride's father, Mr. Benjamin B. Nance, near Newstead. The bride was Miss Annie Nance and the groom Mr. Forrest J. Binns, of this city.

The decorations of the house were very handsome, the colors being principally white and green. An archway of evergreens spanned one side of the parlor, flanked by a mound of potted plants. From the arch was suspended a beautiful wedding bell of crystal, from which the vows of the young couple were spoken. The room was lighted with candles. The two sisters of the bride were her maids of honor.

Miss Mary Nance and Mr. Wharton Crabb, of Hopkinsville, entered first and were followed by Miss Elizabeth Nance with Mr. Harry Leigh Gaines. The bride was becomingly attired in a plum colored silk, Miss Mary Nance wore a brown silk and Miss Elizabeth Nance a dress of blue silk.

It would be hard to find a more attractive trio of sisters anywhere than they are, and they never looked the cynosure of all eyes, as the happy couple entered to the sweet strains of the wedding march and took their station under the marriage bell.

In appropriate and impressive words, Rev. I. N. Strother, pastor of the West Union Baptist church, pronounced the ceremony that made them one.

Immediately after the ceremony, Mr. and Mrs. Binns departed for this city and are boarding on Liberty street, corner of Fourteenth.

Mr. Binns holds a responsible and important position with the Acme Mills and is a young man of sterling worth and excellent business qualifications.

His bride is pretty, accomplished and vivacious. She was educated at Bethel Female College and has been a reigning belle in South Christian since she finished school a few years ago.

She received many handsome and costly bridal presents and the large number of friends present united in wishing for the young couple a long life of happiness and prosperity.

GAINES-BAKER.

Another South Christian Belle to Wed.

Miss Alberta Pendergast Baker, second daughter of Mrs. Julia A. Baker, of Julien, will be married Tuesday, December 12th, at the home of the bride's mother, to Mr. Harry Leigh Gaines, of Newstead. Miss Baker is one of the county's loveliest girls, and for years ago won the prize of a \$100 suit of bedroom furniture offered by the Kentuckian to the most popular young lady in Christian county.

CHAS. H. NASH, JR.

Appointed on Legislative Pharmaceutical Committee.

J. W. Gayle, secretary of the State Legislative Committee, has appointed Mr. Charles H. Nash, Jr., of Hardwick's drug store, to represent Western Kentucky on the committee.

When it is remembered that the Legislature is guided to a considerable extent in making additions to and striking out objectionable features of the law in regard to pharmacy in this State, this appointment carries with a deserved recognition of Mr. Nash's ability as a pharmacist, of which his many friends here will be glad to learn.

Lounbladh's Position.

L. F. Lounbladh, chief engineer of the Tennessee Central Railroad, is to be principal assistant to the chief engineer of construction of the Southern Railway instead of Assistant superintendent of construction, as stated last week. There is a great deal of difference in the positions. Mr. Lounbladh is to have the second position in the gift of the company is the engineering department. His headquarters will be in New York.

Bazaar and Dinner.

Remember the Bazaar and dinner in Plack building, Dec. 2nd, given by the ladies of 9th Street Presbyterian church. Come and get oysters, turkey, salad, etc.

AMUSEMENTS.

The next and greatest attraction of the season will be "Fatty" Felix, at Holland's Opera House to-night. It is a three-act comedy drama that is built out of modern material and based upon modern ideas. It appeals to all the people, the old and the young, the rich and the poor alike. There is really something to see and hear that is worthy of the attention and price paid to see it. There is no skeptic so great, no critic so severe but what finds favor in "Fatty" and his company. The beautiful dramatic story is pleasing. Beyond this the comedy situations and thrilling climaxes, the high-class specialties hold the interest of the audience as no play has ever before done, and the two and one-half hours of real enjoyment are past, never to be forgotten.

Alvin Joslin.

"Alvin Joslin" is a play that is pronounced one of the best of its class and its wonderful success for many years has proved it so. The plot, melodramatic effects and sensational situations are of the popular kind and the fun which is much in evidence keeps the audience in roars of laughter all the time. The play is staged with scenery carried by the company and gives views of places in New York City where the majority of the scenes are laid. There is a play in 23 East River, with Brooklyn Bridge illuminated in the distance, Bleeker street, Bowery near Chatham street, Grand Central Depot, 42nd street, Fifth Avenue Hotel, Baxter street, showing the old Five Points, a Bowery Concert Hall and Union Square. There will be up to date specialties between the acts. All those who enjoy a hearty laugh should not miss seeing "Alvin Joslin" at Holland's Opera House Dec. 2, matinee and night.

Thanksgiving Day 1905.

I want to thank all my friends and the public in general for the encouragement given to my efforts to provide the people with a jewelry store where one may get "a square deal;" and the best value for their money. I thank you all for enabling me to greatly increase my business; and I accept your favor as an obligation on me to continue to improve my stock, my service and my efficiency in every way possible. I thank you for accepting my INTENTIONS as the apology for occasional mistakes for overlooking this and that, and taking the will for the deed; for your confidence in my earnest desire to do right, for the sake of right. Especially do I thank the many of you who, after having found my goods, my prices and my ways satisfactory, have told your friends of your satisfaction, my service and my efficiency in every way possible. I thank you for the best sort of advertising—the spoken words of personal approval.

The November term of the Calhoun circuit court adjourned Tuesday. The grand jury returned 10 indictments during the term. Most of the indictments were for gaming and misdemeanors. The report of the grand jury created something of a sensation, as a large number of young men, who are sons of prominent families, were indicted for gaming.

DEPUTY DRUNK

And Boy Prisoner Made His Way To Pen Alone.

Frankfort, Nov. 28.—John Hawk Stepp, sixteen years old, and a child in appearance, stepped from the train this morning and asked the way to the penitentiary. Reaching it, he informed the warden that he had come to serve 21-years' sentence for killing his cousin and playmate with an ax in Harlan county.

The deputy sheriff who brought him was drunk. The governor will be asked to send the boy to a reform school.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a fire hangs on so long you feel as if nothing but dynamite would cure it. Z. P. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her."

Strictly scientific cure for bronchitis and is gripper. At R. C. Hardwick's drug store; price 50c and \$1.00; guarantee. Trial bottle free.

THE ARGONAUT.

New High School Paper Issued Yesterday.

The pupils of the Public High school have consolidated the papers issued last year, the Courier and the Irving News, and will issue one paper in their stead, the Argonaut. The first number of the Argonaut appeared yesterday. It will be issued monthly in the form of a magazine of 20 or more pages. Herschel Long is editor in chief and James Nourse manager. It makes a very creditable start.

OWEN FOR PAYNTER.

Senator From Tenth District Is Out in a Card.

Lawson, Ky., Nov. 29, 1905.
To the Democracy of the Tenth Senatorial District.

I desire to make a statement of my position in the race for United States Senator, and other party matters which will come before the Democratic caucus at the coming session of the General Assembly of Kentucky.

When I was a candidate for the nomination last winter the race for United States Senator was discussed very little. However, by reason of certain support which I received, I was regarded as the administration candidate. I was nominated by a majority of 508 votes. During the recent campaign my Republican opponent charged that I was for Judge Paynter for Senator, who I neither denied nor affirmed, but which was generally accepted as true. I was elected by a majority of 645 votes, the largest ever given a Democratic nominee in this district.

To my mind this is not a contest for United States Senator between Blackburn and Paynter, but there is involved the vital issue of whether or not the Democratic administration of Governor Beekham, which was endorsed by the people of Kentucky, after he had been tried four years, by a majority of 27,000 two years ago, which was endorsed overwhelmingly at the Louisville Convention last year by a delegation fresh from the people, shall now be repudiated by a Legislature which, thanks for the assistance from this same administration in close districts like mine, will have the largest Democratic majority in twenty years. I received my political education in Breckenridge county, a county having a large republican majority, but which goes Democratic whenever it is necessary. Our strength up there was due to organization, and the organization won because they stood together. With my political training, I am not at all alarmed at this talk about Frankfort "machines" for, being a practical man, while I belong to no "machine," I have no fear of one which always beats the republicans.

I shall, therefore, cast my vote for the Democratic caucus for Judge Thomas H. Paynter for United States Senator, for Judge Hutchison and Brown for Prison Commissioners, and on all other party questions, will do what I can to uphold the Democratic administration at Frankfort. I am quite sure I will be representing the majority of my constituents, and that my views will be endorsed by the Democratic representatives of Meade, Breckenridge and Hancock counties. Very Respectfully,

R. W. OWEN,

Senator-elect 10th District.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. H. of the Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at R. C. Hardwick's drug store. Price 50c.

THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones

It is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick.

Her sympathy is deeper than that of any other member of the family.

The mothers look forward with dread to the torrid heat of summer, thinking of their children and the many liabilities to disease that are before them.

Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Peruna is the best friend she has in times of illness among the children.

The doctors may come and go with their different theories and constant change of remedies.

The doctor of years ago gave entirely different remedies than he does today. Each year finds some change in his prescriptions and in the drugs he relies upon.

A Multitude of Mothers

Have discovered that Peruna is the stand-by, and that in all the ailments of spring and summer to which the children are subjected, Peruna is the remedy that will most quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Peruna quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simply removes the cause of the disagreeable symptoms and restores the health.

Peruna is not a physic. Peruna is not a nerve nor a narcotic. Peruna does not produce any drug habit, however long it may be taken. Peruna is not a stimulant.

Peruna is a specific remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peruna has.

The Mothers Hold Pe-ru-na in High Esteem.

Not only because it has cured them of their various ailments, but because it always rescues the children from the throes and grasp of catarrhal diseases.

We have in our files hundreds of testimonials from mothers whose children have been cured by Peruna. However, the large majority of mothers who use Peruna, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peruna that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

MRS. THESSA ROOKE
MOTHER AND CHILD

MILDRED, INEZ
AND MARIE
SAILER

G. H.
FARMER
AND SON

The Benefit Which the Children of the United States Have Received From Pe-ru-na Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.

But at least this much can be said that the coming generation owes a great debt to Peruna, for it is in the tender years of youth that slight ailments are liable to develop into lasting disease, thus blighting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peruna are doing a great work for humanity.

These children brought up to believe in Peruna from the start, will, when they become heads of families themselves, use Peruna with unquestioning faith.

Pe-ru-na Protects the Entire Household.

As soon as the value of Peruna is appreciated by every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarrh will be prevented.

Mrs. Thessa Rooke, 808 N. Ashland Ave., Chicago, Ill., Treasurer Ladies' of the Maccabees, writes:

"In our home Peruna is the only medicine we have. Grandmother, mother, father and child, all have used Peruna. It is our great remedy for catarrh of the stomach and head, colds, and female complaints of which it has cured me."

"We find it of great value when my husband becomes worn out or catches cold. A couple of doses cure him."

"If the baby has colic, or any stomach disorders, a dose or two cures her."

"I consider Peruna finer than any doctor's medicine that I have ever tried, and I know that as long as we have it in the house, we will all be able to keep in good health."—Thessa Rooke.

No Doctor Required.

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes:

"I cannot say enough for Peruna. It has done great work in my family, especially for my oldest boy. We had doctored with three or four different doctors and they did not seem to do him any good."

"We gave up hopes of cure, and so did they, but we pulled him through on Peruna."

"We had several doctors and they said they could do no more for him so we tried Peruna as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used up and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

Mr. G. H. Farmer, New Martinsville, W. Va., writes:

"Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong."

"We know that our little son's life was saved by your wonderful medicine, Peruna, and we shall always praise Peruna and use it in our family when needed."

"Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."—G. H. Farmer.

Mr. Howard Andrew Sterner, Muddy Creek, Pa., writes:

"I have Peruna in my house all the time and won't be without it. It is good for children when they take a cold or croup. It cured my baby boy of croup."

"I have introduced Peruna into six families since I received your last letter, and four have seen relief already."—Howard Andrew Sterner.

Pe-ru-na Should Be Kept in Every Household

Where There Are Little Children.

Peruna should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But have Peruna on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the afflictions of childhood are catarrh.

All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

Mrs. Amelia Sailer, Menasha, Wis., writes:

"I have used Peruna for a number of years. It cured me of chronic catarrh which I suffered with from infancy."

"When my three children were born they all had catarrh, but I have given them Peruna and find it very effective in ridding them of this horrible trouble."

"I find that it is also good to give them as a tonic and a preventative of colds and colic."

"In fact, I consider it a household blessing. I would not know how to raise my children without it. I am pleased to give it my recommendation."—Amelia Sailer.

DEATH COMES

To Miss Addie Belle Hardin at Her Home Near Woodburn.

Miss Addie Belle Hardin, who for the past two weeks has been dangerously ill of a complication of diseases, passed away Saturday morning at 2 o'clock at her home near Woodburn, surrounded by her loved ones. She was taken ill two weeks ago and from the beginning her condition was regarded as very critical by her physician and everything was done to restore her to health, but it was not to be. For the past three days her death had been expected at any time.

She was born March 20th, 1868, and was the daughter of the late J. M. Hardin, who was one of the most prominent farmers in this county. She leaves surviving her heart broken mother, Mrs. Belle Hardin, and a sister, Mrs. Geo. E. Gary, of Hopkinsville, who were with her at the time of her death. She was a niece of Mr. William Merritt, of this city, where she has often visited, and there never lived a young lady in this county who was more beloved. She was loved by all who knew her and her death will be deeply regretted. She was a member of the Methodist church and was a true Christian in all that the word implies. The funeral services will be conducted tomorrow morning from the late residence, near Woodburn, at 9 o'clock and the interment will follow at Fairview cemetery, Dr. J. F. Redford, of this city, who has known the deceased since childhood, will conduct the services.—Bowling Green News Nov. 26th.

NOT AN ARREST.

For a Solid Week for Any Cause.

Hopkinsville seems to be still on its good behavior. The "news" at police headquarters yesterday showed that not a single arrest had been made for any cause whatever for a week past.

Association Desires to Carry Into Effect Principles of Order

Articles of incorporation of the Hopkinsville Elks' Home Association were filed with the County Clerk Tuesday. The incorporators are E. B. Long, F. W. Dabney, J. B. Galbreath, A. H. Anderson, T. J. Tate. The object of the association is to better enforce and carry into practical effect the benevolent, charitable and fraternal principles of the order. The corporation will have no capital stock and there shall be no private or pecuniary profit derived from the organization to any of its members. Each member of local lodge No. 545, who has paid his dues and is in good standing, is a member of the association. The existence of the corporation shall commence December 10 and continue for a period of fifty years, unless sooner dissolved. The affairs of the corporation are to be conducted by a board of three directors who shall be elected by the members. An election is to be held annually, one director being chosen for one year, one for two years and the third one for three years. A secretary and treasurer are to be chosen at the same time. The principal office of the association will be the lodge's Clubroom.

OPEPATE IN KENTUCKY

The Central Home Telephone Company Incorporated.

Dover, Del., Nov. 28.—The Central Home Telephone Company, capital \$5,000,000, was incorporated here today. The incorporators are Edwin L. Barber, of Wauson, O.; Joshua D. Powers, of Louisville; John C. Monteth, of Bloomington, Ind., and James F. Bergen, Nanticoke, Pa.

The company, it is said, will operate in Western Kentucky and Tennessee.

\$23,000 For a Story.

Think of it! Twenty-five thousand dollars for one story! The highest price that has been similarly paid in America to any author. And this for just the exclusive right to print the story in the one publication—no right to publish it in book form being included.

Consider the quality of merit, the intensity of interest this story must possess to command this extraordinary price. The "White Company" has ever been accepted as the greatest work of any author, and by far superior to his own "Sherlock Holmes" tales—told "Sir Nigel," says Conan Doyle himself, surpasses them all.

Conan Doyle receives this fabulous sum for his "Sir Nigel," which begins in the Sunday Magazine part of next Sunday's Record-Herald. Do not fail to buy The Record-Herald for next Sunday, December 3, as this great romance by the world's greatest writer of romantic fiction will be the sensation in the literary world for months to come.

In spite of the inclement weather, the Winfree sale at Casky Tuesday was attended by about 300 people. Dr. Gray was the auctioneer and prices realized were satisfactory. The personal property of Matt F. Winfree and Chas. Winfree was all disposed of, as they are preparing to move to California.

MR. BARKER'S GOOD ADVICE.

Issues a Card of Warning To Association Members.

MUST STILL BE ALERT.

Be Loyal and Faithful to the Organization at all Times.

Chairman Chas. E. Barker, of the County Committee, has addressed this card to the members of the Dark Tobacco Association:

Pembroke Ky., Nov. 25, 1905.

Fearing that some of our farmers may relax their watchfulness since the sales to the Regie, I want to urge them not to do so. Tobacco planters must keep shoulder to shoulder just as long as the hired overseers remain in their respective districts with their houses open to catch the unwary. So long as they go or send their allies among the tenants and negro brokers to stir up strife that will surely result in lawlessness, so long must we use every legal means to force them from the barn door and back on the open market. I am sure this is what every well informed farmer wants, and it can be done very quickly by continued mutual effort. This sale is but one break we have made in the Regie wall. Let us use that as a stronger position for a more determined attack, and not give them an opportunity to gain some unlooked-for advantage. Eternal vigilance was never more truly the price of liberty than now, and we must never forget what this enemy for the past eight or ten years has done to make the tobacco grower a slave. Show your loyalty to Mr. Ewing by your hearty efforts to do all you can to make tobacco growing what it once was.

CHARLES E. BARKER.

CORNER IN TURKEYS.

Armours Buy up Entire Crop in Central Kentucky.

Cincinnati, O., Nov. 26.—The Central Kentucky turkey crop has been cornered by the Armours, and as the Rhode Island crop fell off from expectations, the Chicago people have been able to fix the price in the Eastern markets at thirty cents a pound. As about 100,000 turkeys, weighing over 800,000 pounds, have been shipped and the net cost of placing the gobblers in the Eastern market is twenty cents, the Armours have netted about \$80,000 on the deal.

The corner was arranged through an agreement with the Kentucky Dressed Poultry Association to buy all the turkeys up to a million pounds the association could furnish. Lexington, Bagdad, Maysville, Richmond, Carlisle, Flemingsburg, Danville and Winchester are the centers of turkey raising, and most of the birds have been killed and shipped at those places. The farmers are paid from eleven to twelve and a half cents a pound.

HORSETHIEF CHARITY FUND

Money Left by "Rustlers" Is Found When Old Woman Who Cared for It Passed Away.

An interesting story is that of what is known as the "Present fund" of Prince William's parish, now parts of Hampton and Beaufort counties, South Carolina. It seems that in the early part of the last century an old woman who lived alone in an isolated portion of what was then Beaufort district was on her deathbed, and sent for a lawyer to draw her will to dispose of the little hut and few acres of land which she had. After she had designated to whom these were to go the lawyers told her that to avoid any legal trouble over her will she should insert a clause disposing of whatever else she might have overlooked. She therefore designated that if there should be found anything else belonging to her undivided it should be taken in charge of by a certain prominent citizen of Gillesville as trustee for the use of the white poor of Prince William's parish. Then she died.

When the old woman's household effects were examined for distribution, as she had directed, a quantity of gold and silver coins, said to amount to about \$40,000, were found under her mattress. It has always been believed that this money had been given to the old woman by horse thieves, who either had died or been run out of the country and had been afraid to return to get it.

About the early part of last century there were several gangs of horse thieves that operated along the coast of Virginia to Florida; and it was from the hanging of some of these men by a mob, headed by a man named Lynch, in Virginia, that the term "lynch law" is said to have been derived. Mrs. Prescott lived in a very isolated part of the district, and it has always been believed that these thieves used to make her house their stopping place and gave her the money to keep, and that she was afraid to tell of its possession even on her deathbed.

THE MAN-EATERS OF INDIA

Great Tigers Find That Human Beings Are Far Easier to Kill and Better to Palate.

The "man eater" is the jungle nightmare of India, and numerous are the theories to account for its abnormal appetite. Commonly it is said to be an old tiger which has found game too difficult to bring down, or a sickly tiger which has resorted to man killing in its weakness as the easier method, says Outing. The consensus of opinion among experienced hunters and observers is, however, that a man eater is an ex-cattle killer which in conflict with hunters, who are often quite brave in defense of their cattle, has discovered how much easier it is to kill a man than cattle, for the cattle killer is usually fat and lazy. Nothing has been found, so far as I have discovered, to suggest appetite for human flesh as the impelling motive, or that man eaters reject all flesh not human, or that the cubs of a man-eating tiger inherit the man-killing propensity. Rather it is a case of contempt for man bred of familiarity, and more often the lusts hold of the tigress, very likely because in foraging for her cubs (as she does until they begin to hunt for themselves at seven months), and in their defense, she has come more frequently in contact with man; or it may be because the female is more numerous than the male, or because by nature the slayer and more vicious. Certainly she is a fiend incarnate, when every second year she gives birth to cubs, usually two, which do not move about with her until six weeks old; and no doubt her disposition is not improved by the necessity of concealing the youngsters from the tiger, who else would devour them.

THE MAN-EATERS OF INDIA

Great Tigers Find That Human Beings Are Far Easier to Kill and Better to Palate.

The "man eater" is the jungle nightmare of India, and numerous are the theories to account for its abnormal appetite. Commonly it is said to be an old tiger which has found game too difficult to bring down, or a sickly tiger which has resorted to man killing in its weakness as the easier method, says Outing. The consensus of opinion among experienced hunters and observers is, however, that a man eater is an ex-cattle killer which in conflict with hunters, who are often quite brave in defense of their cattle, has discovered how much easier it is to kill a man than cattle, for the cattle killer is usually fat and lazy. Nothing has been found, so far as I have discovered, to suggest appetite for human flesh as the impelling motive, or that man eaters reject all flesh not human, or that the cubs of a man-eating tiger inherit the man-killing propensity. Rather it is a case of contempt for man bred of familiarity, and more often the lusts hold of the tigress, very likely because in foraging for her cubs (as she does until they begin to hunt for themselves at seven months), and in their defense, she has come more frequently in contact with man; or it may be because the female is more numerous than the male, or because by nature the slayer and more vicious. Certainly she is a fiend incarnate, when every second year she gives birth to cubs, usually two, which do not move about with her until six weeks old; and no doubt her disposition is not improved by the necessity of concealing the youngsters from the tiger, who else would devour them.

LAME EVERY MORNING.

A Bad Back Is Always Worse in the Morning.—Hopkinsville People Are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all. Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills cure sick kidneys—make you feel better, work better, rest better and sleep better.

Mrs. W. L. Johnson, of 615 Jessup avenue, says: "My husband suffered for several years with kidney complaint, which made his presence known by a most severe aching in his back and which often became so bad, especially in the morning when rising or on occasions when he was obliged to do considerable stooping or lifting, that he could scarcely move about. It occurred to him while reading an advertisement in our local papers about Doan's Kidney Pills that they might at least give him some relief, and acting on the thought he went to Thomas & Johnson's drug store and got a box. The treatment proved the merits of the remedy. The aches and pains were relieved and the other symptoms disappeared. I have the best of reasons to recommend Doan's Kidney Pills, and am confident that in every case they do all that is represented for them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

In Time of Peace

In the first months of the Russian-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by L. L. Elgin and Anderson-Fowler Co., up-to-date druggists at Hopkinsville.

Commissioner's Sale.

Christian Circuit Court, Kentucky, L. L. Leavelle, Against John W. Terrell et al., Equity.

By virtue of a judgment and order of sale of the Christian circuit court, rendered at the September term thereof, 1905, in the above cause, I shall proceed to offer for sale, at the court house door in Hopkinsville, Ky., to the highest and best bidder, at public auction, on Monday, the 4th day of December, 1905, between the hours of 11 a. m. and 1 p. m. (being court day), upon a credit of 5 and 12 months, the following described property, to-wit:

A certain tract of land in Christian county, Kentucky, about one mile north of the Clarksville and Princeton branch of the L. & N. R. R., and known as the J. W. Terrell home place, containing 265 acres, 3 rods and 33 poles, more or less, excepted a tract of 15 acres, which is embraced in the following boundary, and bounded as follows:

Beginning at a stone, R. L. Boyd's corner, thence with line to a stone in the road, J. Radford's line, thence with his line N. 88 W. 360 poles to a stone in the road, thence with another of his line N. 24 E. 34 poles to a stone on the N. side of the road; thence with J. Radford's line intersecting T. Terrell, N. 38 W. in all 1734 poles to a stone in Boyd's line; thence with another of said Boyd's lines S. 43 E. 30 poles to the beginning.

But there is excepted from the above boundary the 15-acre tract above mentioned, which leaves here in offering for sale a tract of land containing 250 acres, 3 rods and 33 poles.

Or sufficient thereof to produce the sums of money ordered to be made, amounting to \$5,615.10. For the purchase price, the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid in full, and must also execute a replevin bond. Bidders will be prepared to comply promptly with these terms.

COUNCILMAN WARE

In a Hand to Horn Conflict With a Fierce Capra Hircus.

Councilman-elect J. D. Ware had a desperate encounter with a william goat at his farm Monday afternoon. He entered the horse lot where the animal was waiting to be fed and as Mr. Ware did not attend to his goat-ship's wants, billy made a ferocious attack upon him with his horns, speedily putting the councilman on the defensive. Being too discreet to turn his back to the foe, Mr. Ware beat a backward retreat until he reached a friendly gate and sought refuge, by a quick movement, behind its sheltering bars. The goat continued to attack the gate until Mr. Ware had time to secure a revolver and fired several shots at his horns, which knocked off pieces of horn and took the fight out of the goat. As a result of his battle Mr. Ware returned home with one arm in a bandage and several bad bruises about his body.

LANTERN THIEVES.

Life Endangered by Removal of Lights.

The sewerage contractors are greatly annoyed and sustaining loss by the wholesale theft of lanterns placed along the line of excavation at night to warn drivers of carelessness in driving. Often half a dozen are stolen in one night. Conscienceless persons seem to think them public property and appropriate them whenever the fancy strikes them. Life is greatly endangered thereby, and as the contractors strictly comply with requirements in the matter, perhaps a suit for damages might put the city to great loss, as it is impossible for the small police night force to prevent the stealing of the signals.

NO LIGHTS

In Many Homes Last Tuesday Night.

The electric light man got his wires crossed Tuesday night about 7 o'clock and many homes and stores were without lights the remainder of the night. This is the first time this has occurred for about six months, but accidents will happen. The street lights were not interfered with.

THE STORM.

No Great Damage Has Yet Been Reported.

A heavy wind and rain storm passed over the city Tuesday night, reaching here a little before nine o'clock. For nearly an hour the rain came down in torrents, accompanied by a strong gale from the southwest. It had been preceded by a week of high temperature, the mercury rising to 81 degrees last Sunday afternoon.

Inquiry failed to locate any serious damage throughout the county or in the city. Neither of the offices of the three different railroads reported any damage along their lines. The contractors of the sewerage system were about the only ones damaged. The cave-in at Ninth and Virginia streets will cost them considerable, as they have an excavation there about twelve feet in depth, and a great deal of the earth on either side and the dirt which had been thrown out on both sides washed back into the cut. The company sustained losses at other points on its line of work.

The downpour of rain was a benefit in one way, as it washed all the surface dirt from the streets and crossings, even washing off the deposit of red clay which had covered the pavements since Ringling Bros' show was here on October 25th.

The government gauge showed yesterday morning that the rainfall during the night was more than two and a half inches.

BIG JUDGMENT

Against I. C. Reversed by the Court of Appeals.

The Appellate Court has reversed the judgment of the Muhlenberg Circuit Court in a case of the Illinois Central railroad company against J. E. Hutchins, in which the appellee had secured a judgment for \$10,500 and remanded it for a new trial.

Hutchins was a railroad mail clerk, and was injured in a collision at Central City three years ago. The reversal was because the judgment was considered excessive.
